Commissioner of Land Revenue and Settlement.

Read the following:-

Letter from E.M.Gawne Esq., I.C.S., Collector of South Kanara, Ref. C.No.864-L-33, dated 8th February 1933:-

The two temporary draftsmen who were first entertained in September 1927 have been kept on under sanction by Government annually. Their retention for 1932-33 was sanctioned in G.D. No. 599 M.S dated 12th March 1932.

2. The sub-division work in the district has not diminished. The total number of sub-divisions newly sanctioned and received for scrutiny by the Inspecting Tahsildar during the year ending on 31st January 1933 was 13395 as against

9663 and 12441 in the two preceding years. The balance of sub-divisions that remained for scrutiny and plotting at the end of the above year, Nos 11036. According to the outturn prescribed by the Director of Land Records the two draftsmen and the permanent one will require about $7\frac{1}{2}$ months to clear the above balance if they were employed exclusively on the work of scrutiny and plotting alone. But this will be reinforced by fresh sub-division to be sanctioned and sent up for scrutiny and plotting in the meantime. There are besides, other items of work to be attended to by them. They are (1) scrutiny of sketches with comparative area lists concerned in cases of errata to the Settlement registers (2) scrutiny of sketches of post settlement fields wanting in independent plottable data which are now being supplied (3) carrying out the necessary changes in the Taluk copies of the F.M. Books relating to (1) and (2), (4) the resurvey F.M. Books of Kasaragod taluk and of villages resurveyed in Mangalore and Puttur Taluks as per errata lists issued by the survey office, Madras (5) plotting the new fields in the maintenance set maps of villages (6) preparing copies of plans with index as per requisitions from the Vernacular and correspondence sections. These items take a considerable time of the draftsmen. Thus the retention of the two draftsmen for the ensuing official year will be absolutely necessary in the interest of revenue records and registration. They will not be relieved of any of their work by the Branch Settlement Office that has been opened in Mangalore. The post required has been provided for in the Budget estimate for that year under "5. (a) L.R.-charges of Administration - Taluk establishment". I request therefore that the Government may be addressed to sanction the continuance of the temporary establish

Submitted to Government for orders.

2. In the circumstances reported by the Collector, the Board recommends the retention of the two temporary draftsmen for another year from 1st April 1933. The cost will be met from the provision made in the budget estimate for 1933-34 under '5.a. Land Revenue-charges of Administration - A.Taluk establishment - a.A.1 Pay of establishment.'
